Introduction

THE hieroglyphic inscriptions on the temples of Egypt, though in existence for centuries, remained a mystery to modern man until the discovery and deciphering of the Rosetta Stone, which became a key to their meaning. The Rosicrucian Order, though in active existence for centuries, is also not known to some persons, institutions, or organizations as it should be, because of the lack, heretofore, of a concise work referring to its objects, practices, and history. A number of recognized literary reference sources as the encyclopedias refer to the organization, but they are not always available. Therefore, this brochure is prepared. It is hoped that it will also be a key to the solution of any mysteries which may seem to surround the world-wide activities of the Rosicrucian Order.

This brochure has been assembled for editors, publishers, authors, and research workers that they may have brief, relevant facts pertaining to *The Rosicrucians*. Therefore, all unessential information has been deleted, leaving elaboration for larger, bound works.

PART ONE

What Are the Rosicrucians?

Nature of the Organization

The Rosicrucian Order is, broadly, a world-wide fraternal organization, established and operating on a lodge system. It expounds a system of metaphysical and physical philosophy intended to awaken the dormant, latent faculties of the individual whereby he may utilize to a better advantage his natural talents and lead a happier and more useful life. It accomplishes this end by a method of personal instruction and guidance. The member is taught the significance and application of the cosmic and natural laws which are found manifest in the universe around him and in himself. It unites, into one *livable philosophy*, metaphysical idealism and such practical sciences as physics, chemistry, biology, physiology, and psychology. It also seeks, by its educational campaign, to rid society of the enslaving influence of superstition.

The Order, throughout the world, is divided into jurisdictions, in each of which there are established Grand Lodges with temples of instruction. The Supreme Temple for the international jurisdiction of The Americas, British Commonwealth, France, Germany, Switzerland, Sweden, and Africa is located in San Jose, California. (For history, see page 8.)

What Does the Name Mean?

The word "Rosicrucian" is the Anglicized form of the original Latin name of the Order—*Rosae Crucis*, which means of the *rosy cross*. The name is derived from the Order's centuries-old symbol—the *cross* and a single *red rose*. Although the symbol consists of a cross, it has no sectarian or strictly religious significance, but an allegorical meaning of its own.

"Rosicrucian" is pronounced: Ro'zi-kru'shan.

SECTIONAL VIEW OF MAILING DEPARTMENT

Here are operated all the modern devices for sealing, metering, stacking, and counting mail. Thousands of pieces monthly are sent to all parts of the world, constituting one of the largest mails on the Pacific Coast.

LATIN-AMERICAN
BUILDING

This division of the Rosicrucian Order comprises a large staff trained to serve the Latin-American membership.

What Does A.M.O.R.C. Mean?

The initials, A. M. O. R. C., are an abbreviation of the words, "Ancient Mystical Order Rosae Crucis," which is the complete name of the Order throughout the world. In Latin, the full title of the Order was originally: *Antiquus Arcanus Ordo Rosae Rubrae et Aureae Crucis*. In various lands at various times the Order has been known by slightly different abbreviations of the original Latin title. In modern times the initials, A.M.O.R.C., usually follow the popular phrase, "the Rosicrucian Order," to designate authenticity.

Is It a Religion?

The Rosicrucian Order is absolutely NOT a religion. It is nonsectarian in every respect. As its membership is world-wide, it of course includes persons of every creed and denomination, as does any other world-wide fraternity of a cultural nature. Many leading clergymen of Protestant denomination, rabbis, and priests are members; but the Order itself, in the past and at present, is *free of religious alliances*. Although its ethics adhere to the principles of Christianity, it must not be considered a religious movement or a Christian sect. The teachings do not interfere with the religious freedom of its members.

Is It a Commercial Enterprise?

The Supreme Grand Lodge of AMORC (The Rosicrucian Order) is incorporated in the State of California, and its subordinate bodies are incorporated elsewhere, as *nonprofit corporations*. No funds of the Order inure to the personal benefit of any officer or member. There are no stockholders or shareholders, and all funds are held in trust for purposes as defined by the Constitution and Statutes. The nonprofit status of the Rosicrucian Order is recognized by the United States Department of Internal Revenue, and in similar departments in other nations.

What Does It Teach?

An individual listing of the subjects included in the membership curriculum would be too lengthy for the space provided here. In main, it includes such topics as the mysteries of time and space; the human consciousness; the nature of matter; perfecting the physical body; the effect of light, color, and sound upon mind and body; the ancient philosophies; development of will; human emotions and instincts, and their relation to personality; important discoveries in Rosicrucian chemistry and physics; explanation of the phenomenon of intuition, etc.

The organization maintains its own editorial and research departments, composed of men and women of its membership who have skill and training in specialized fields of science and literature, as well as being well versed in Rosicrucian principles. The instructions are either delivered orally in temples of the Order to the members, or sent privately to them in manuscript form. The subjects are accompanied by experiments which the member must conduct in order to remove the material from the realm of theory and make it entirely practical and applicable, by demonstration, to his personal life. Highly speculative, fantastic, or improbable subject matter is not included in the teachings of the Rosicrucians.

Who May Become Members?

Any law-abiding citizen of either sex and over twenty-one years of age, of good repute and having a firm conviction in a Supreme Being, is eligible for membership in the Grand Lodge of the Rosicrucian Order regardless of creed or financial status. Thus, the organization includes in its membership a cross section of all classes of people. Its membership includes manual laborers seeking to better themselves, and also prominent businessmen, directors of industries, physicians, attorneys, scientists, artists, editors, educators, and authors, who find the teachings stimulating and livable.

Those desiring membership may write to the Rosicrucian Order at its Grand Lodge in San Jose, California 95114, requesting free literature which fully explains membership and its benefits.

THE OFFICE OF THE FIRST IMPERATOR

It was from here that Dr. H. Spencer Lewis, founder of the second cycle of the Rosicrucian Order for North and South America, directed its extensive activities.

What Rosicrucians are NOT

The Rosicrucian Order (AMORC) IS independent. It never was and is not a part of or sponsored by any other movement or organization. It has at times during the centuries of its existence entered into a federation of orders or fraternities of like nature, but it has never submerged its individuality or forfeited its independent functioning. Regardless of the similarity that some persons believe exists between the honorable Freemasonic Order and the Rosicrucian Order (AMORC), there is, in fact, no relationship between the two orders.

The Rosicrucian Order does not teach, endorse, or practice astrology, fortunetelling, crystal gazing, or any past or present superstitions, or similar popular pseudo-scientific practices.

The Order makes no demands upon its members to conduct themselves in any manner that would cause public ridicule or condemnation. The members are not required to dress, eat, or act differently from any intelligent and morally responsible man or woman in conducting his or her ordinary affairs. They resort to no practices or rites which in any sense are injurious to health, family relationships, or morals.

No Political Affiliations. The Rosicrucian Order (AMORC) is nonpolitical, and not aligned or associated with any movement, society, or group having political activities. Political affiliations are considered to be the prerogative of the individual member and not a matter for intervention or counsel by the Order.

The following, however, is ascertained from each member who desires affiliation with the Rosicrucian Order: "Are you doing your best to be a good and useful citizen and to obey the laws of the country in which you live?" Also, the Rosicrucian Oath of Membership has for many years exacted the promise—"that I will honor and respect the flag of my country and the country in which I live; that I will never be guilty of treason; that I will be a good and useful citizen contributing to the advancement and welfare of the country in which I enjoy the privilege of being a resident."

History of the Rosicrucians

Traditional History

Traditionally, the Rosicrucian Order traces its origin to the *mystery schools* or secret schools of learning established during the reign of Thutmose III, about 1500 B. C., in Egypt. Though he devoted himself seriously to an investigation of "the mysteries"—in other words, natural phenomena—Thutmose III still clung to the ancient religions of the period. His descendant, Akhnaton, 1355 B. C., known as the heretic king, also became leader of the mystery schools; but, being extremely progressive, he abolished the polytheistic religions of the time to advance in their stead the world's first doctrine of monotheism. The Rosicrucians look upon Akhnaton as their traditional first Grand Master.

From Egypt, the secret teachings of the brotherhood spread into Greece, and thence into Rome. During the Middle Ages they were concealed under various names due to circumstances of the times.

Chronological Records

Chronologically, the Order is mentioned as far back as A. D. 1115, in a book of the collection of Brother *Omnis Mariar* in Germany. It rose to considerable prominence during the Sixteenth Century when, following the invention of the printing press, a small pamphlet entitled *The Fama Fraternitatis* was issued and given wide circulation. The authorship of the *Fama* has often been erroneously attributed to Johann Valentin Andrea (1586-1654). The pamphlets were part of a campaign for the revival of the Order. The Order first came to America in 1694, locating in what is now Fairmount Park, Philadelphia.

For a detailed history of the Order, refer to the *fourteenth* edition of the *Encyclopaedia Britannica*; *New Standard Encyclopedia*; and *Rosicrucian Questions and Answers with Complete History of the Order*, by Dr. H. Spencer Lewis, available in public libraries.

This is one of several modern lecture and demonstration halls located in the Rose-Croix University building. The wide arms of the seats make it possible for the students attending the classes to take notes of the principal points of the professor's lectures. The amphitheater arrangement of the hall gives each student an unobstructed view of the platform and demonstration table.

Current Rosicrucian Activities

Rose-Croix University

The Rosicrucian Order maintains, as part of its cultural program, what is known as the *Rose-Croix University*. The University is located in Rosicrucian Park, San Jose, California. The University is divided into three distinct colleges: The College of Fine and Mystic Arts, The College of Mundane and Arcane Science, and the College of Humanities.

The Rose-Croix University building contains well-equipped modern laboratories. The faculty members have academic degrees from world-recognized universities in their chosen fields of teaching. Students from all over the world attend the University's special semester. The University is strictly a *non-commercial* venture.

(For picture of the Rose-Croix University building, see page 22.)

International Board of Lectureship

A trained lecturer, with sound motion-picture equipment and films and scientific devices to demonstrate the Order's teachings, personally visits countries in which the organization is active. In each city, lectures and demonstrations are given not only to the membership of the Order but to the general public as well, without charge. The lecturer is a part of the International Board of Lectureship of the Rosicrucian Order.

Support of Public Libraries

Public libraries in the Americas and many libraries in Europe receive one or more of the large, bound, Rosicrucian philosophical works gratis. As readers' demands increase, additional copies are sent without cost to the library. A number of the books have been translated into several languages, and Braille.

Rosicrucian Science Museum and Planetarium

The Rosicrucian Science Museum, located in the Planetarium building in Rosicrucian Park, San Jose, California, and built at considerable cost, includes a series of exhibits to demonstrate fundamental laws of the physical sciences. It was one of the first science museums of its kind in the western United States. Here, instruments are arranged in order according to the spectrum of energy, progressing from the lower rates of vibration upward in the scale of manifestation. The visitor presses a button, automatically operating equipment for illustrating the principle explained on a placard within the case. A model of sound waves in slow motion, an electronic picture of sound vibrations, electric generation, object suspended in space, mechanical rotation produced by heat, and the mystery of black light are only a few of the exhibits in this growing institution.

The Planetarium building also houses a modern air-conditioned amphitheater called the "Theater of the Sky," portraying the greatest drama of all the ages. Astronomical mysteries present in the sky are simply revealed for both young and old. The building includes a seismograph for recording earthquakes, a cosmic ray coincidence counter, a uranisphere, and many other scientific instruments.

(For picture of the Rosicrucian Science Museum and Planetarium, see page 20.)

Egyptian Museum and Art Gallery

The Rosicrucian Egyptian Museum is the largest museum devoted to Egyptian antiquities in western United States and is a member of the *American Association of Museums*. It contains a collection of several thousand exhibits from all parts of the Orient and from interesting centers of ancient civilizations. The exhibits consist of Egyptian mummies of human beings, animals, and birds; statuary, jewelry, utensils, clothing, and works of art of vanished races. The Museum also contains the only full-sized exact reproduction of an ancient Egyptian rock tomb to be seen in America—such a tomb as one sees in the sandstone cliffs on the west bank of

the Upper Nile. Its collection has been secured from leading museums of the world. Models of the Great Pyramid, King Tutankhamen's mummy case, and other objects of historical importance enchant the visitor. A prominent art gallery in San Jose is maintained here. Outstanding exhibits are made available to the public.

Admission to the Museum is FREE to the public as well as to members of the Rosicrucian Order. It is visited annually by more than 150,000 persons, including school and college groups.

(For picture of the Museum, see page 18.)

Statistics

The following statistics are offered to give the reader some conception of the extent of activity of the Rosicrucian Order (AMORC):

- The AMORC mail is one of the largest on the Pacific Coast—its postage expenditure amounting to more than \$250,000.00 annually.
- More foreign money orders are received by AMORC monthly than by any other institution between San Francisco and Los Angeles.
- Over 6,000,000 pieces of literature are mailed to all parts of the world annually by AMORC.
- AMORC maintains the only public, free museums in San Jose—the Science museum, and the only strictly Egyptian and Oriental museum on the Pacific Coast. A modern art gallery is included.
- At every Rosicrucian Convention nearly all states in the Union, the provinces of Canada, and several foreign countries are represented.
- If all the 7,120,000 sheets of letter-size stationery used by AMORC in one year were laid end to end, they would form a path of paper from New York City to Kansas City, or 1,236 miles.
- The number of readers of magazines and newspapers in which AMORC advertisements appear monthly is in the tens of millions or exceeds the entire population of many countries.
- The Reading Mail Department of AMORC reads 7,000,000 words monthly, or the equivalent of 160 standard-sized volumes of 300 pages each, of approximately 145 words to the page.

PART TWO

The Institution Behind the Organization

Integrity

The Rosicrucian Order (AMORC) is proud to refer inquiries as to its administrative practices to the San Jose, California, Chamber of Commerce and The Better Business Bureau of Santa Clara Valley.

The organization in its present form has been established in the United States and various other nations for *several decades* and enjoys an enviable reputation in whatever community its lodges and chapters are located. It zealously guards its ancient landmarks and customs which keep its administrative conduct above reproach.

Foundation and Stability

The ability of the Rosicrucian Order to *make good* on its promises to provide members with certain study material, and to perform the various services and provide the facilities held out to them, is possible because of *the institution behind the organization*. It owns the real property upon which its buildings stand, and there are no outstanding obligations against either its real or its chattel property. Financially, the Rosicrucian Order is quite capable of meeting any obligation it assumes.

The following pictures will give the reader a pictorial representation of the stability of the Rosicrucian Order.
